FLORIDA LYNCHING

Italians Hanged to Tree Limb.

Two Charged With Murder Are Forcibly Taken by a Mob.

Police Notified, Hurry to Scene; Find Warm Bodies Swinging.

Avenging Gang Supposed to Be Own Countrymen and Cubans.

TAMPA (Fla.) Sept. 20.—While being transported to the County Jail tonight at 9 o'clock, Gaetano Piccarotta, and Angela Albano, two prominent Italians, who have been conspicuous in the clear strike here, were taken from Deputy Sheriff, hurried to a heavily wooded place near by, and hanged to the limb of a tree. They had been arrested at 6 p.m. by deputies, charged with being accessories to the shooting of J. F. Eastering, a book-keeper, several days ago. They were first locked up in the West Tampa barracks, and then placed in a back and started toward the county jail in Tampa.

They were accompanied by Deputy Sheriff Evans and Bryan. Some fifty or seventy-five armed men halted the party. The prisoners were told to get out and the driver ordered to turn around. The prisoners, handcuffed to each other, were then ordered to alight.

As the two prisoners were marched off, the officers hurried to the nearest telephone and sent a message to headquarters.

When Police Chief Woodward arrived on the scene, no one was in sight. He was greeted with the growl of some sight of the two bodies swinging in the moonlight.

The two deputy sheriffs stated they believed the lynching party was composed of Italians and Cubans.

TRAINS COLLIDE; ELEVEN DIE.

VIENNA, Sept. 20.—Eleven persons were killed and twenty-five injured by a collision between two express trains today near Rotterdam. Prince von Hohenlohe-Schillingfurst, Governor of Trieste, was one of the trains but escaped without injury.

PASSENGER TRAIN DERAILS.

DES MOINES (Iowa) Sept. 20.—The eastbound Rock Island passenger train, No. 48, was derailed at 5 o'clock this evening near Keota, a small station between Okmoussa and Washington. No one was hurt.

NERVY.

WITH CLUB AND KNIFE BOY HOLDS UP CREW.

Youth of Eighteen Robs Railroad Section Hands but Is Speedily Brought to Terms When Rancher Hears the News.

GREAT FALLS (Mont.) Sept. 20.—(Exclusive Dispatch.) Word has been received here that a section crew working on the Burlington tracks, near Collins, and E. Sandburg, the foreman in charge, were held up this morning by a youth of 18 who gave his name as John Russell and who stated that he resided here. He attempted to make his escape, but was arrested later in the day and taken to Choteau, where he was lodged in the County Jail on a charge of highway robbery.

Young Russell, as soon as he came within speaking distance of the section men, called to them: "Hold up your hands, and be quick about it." No time was lost in obeying the command and the youth at once started to rob the men. The only weapons Russell used were a long club, which he swung with one hand in a threatening manner and a

MOSQUITOES STALL TRAIN.

Crew Obligated to Desert—Attack By Swarms of Insects Terrible.

[BY DIRECT WIRE TO THE TIMES.] GRANITE CITY (Ill.) Sept. 20.—(Exclusive Dispatch.) Mosquitoes today stalled a freight train for three hours just outside of Granite City, the crew having been driven from the train by the immense swarm of insects.

Not until the engineer and fireman built bonfires on either side of the engine could they enter the cab and take the freight into the yards. George Shelton and Thomas McLean, the engineer and fireman, were both bitten until their faces are almost unrecognizable. The conductor and brakeman also suffered. After the fires had been lighted the mosquitoes took wing and deserted the train.

HAVE THE CHRISTYS MADE UP?

Artist's Wife Joins Her Husband and Their Child at Home of His Parents.

[BY DIRECT WIRE TO THE TIMES.] ZANESVILLE (O.) Sept. 20.—(Exclusive Dispatch.) Somewhat of a sensation was caused here when Mrs. Howard Chandler, wife of Howard Chandler, the artist, arrived from New York. She was accompanied by her husband and their young daughter, Natalie, are residing with the husband's parents.

This is the first visit here of Mrs. Christy since the famous suit of the custody of the child last winter. As a result of the visit reports were immediately current of a reconciliation. Mrs. Christy refused to discuss the reports. The artist declined to talk for publication at this time.

MILITIA GETS WORD.

May Be Used to Quell Excitement Over Negro Charged With Murder in Oklahoma.

[ASSOCIATED PRESS NIGHT REPORT.] MUSKOGEE (Okla.) Sept. 20.—Company F of the Oklahoma State Guard has been ordered by Gov. Haskell to hold itself in readiness to protect a negro in jail here charged with having murdered Walter Watson, a drug clerk. Promise of a speedy trial, however, has allayed the excitement.

SHIPPERS' SURPRISE.

Innovation in Rate Hearing.

Horton Says He Wants to Find Out What Customers Earn.

Will Endeavor to Show, He Says, That Advance Is Reasonable.

Railroad's Request Calls for Consultation on Other Side.

[ASSOCIATED PRESS NIGHT REPORT.] CHICAGO, Sept. 20.—Alleged manipulation of a railroad's income to cover up earnings and to compound its income was inquired into today by attorneys for the Interstate Commerce Commission, and western shippers, officers of the Illinois Central in the hearing of the rate case, now in progress.

Interesting opinions upon the propriety of the disposition of the earnings were given by General Manager Parks. Mr. Parks has told the commission he thought a proper freight rate was one that rendered a fair return for the shipper and which, after paying a reasonable dividend on the capital stock, paid fixed charges and operating and maintenance expenses, and would also give the company a yearly surplus of six or seven millions to make the investment attractive to people with money, and to give the company a credit.

"And what would you do with this surplus—just hold it?" inquired Attorney John H. Atwood of Kansas City, representing the General Shippers' Committee.

SHIPPERS' SURPRISE.

Innovation in Rate Hearing.

Horton Says He Wants to Find Out What Customers Earn.

Will Endeavor to Show, He Says, That Advance Is Reasonable.

Railroad's Request Calls for Consultation on Other Side.

[ASSOCIATED PRESS NIGHT REPORT.] CHICAGO, Sept. 20.—Every cat on the Fort Leavenworth reservation, the largest military post in the country, must leave or suffer the death penalty, by order of Gen. Funston, issued today.

The order also curtails the liberties of any dogs that may conclude to remain at the fort. The order was prompted by the fact that a dog with rabies recently bit an officer, and then a cat developed the same disease.

Gen. Funston's order states: "No cats, confined or unconfined, will be allowed on the reservation. All persons having family pets of that description which they do not wish to

have killed, may send them to some place off the reservation for keeping until the provisions of this order relative to cats may rescinded. Persons who prefer to have their cats killed, but do not wish to do so themselves, may take them to the Veterinary Hospital, where they will be humanely put to death by means of chloroform."

If cats cannot be caught, the order states that shotguns may be used by officers and members of the guard. As to dogs, all pets must be muzzled at all times, and none will be allowed to run at large between retreat and reveille. The order concludes: "Until further orders, no person on this reservation will acquire any further dogs or cats."

POETRY OF MOTION ARRIVES.

Adeline Genee, a Bride, Tells Reporters She Will Tour America for Last Time.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Sept. 20.—(Exclusive Dispatch.) The little danseuse who used to be Adeline Genee and is now Mrs. Frank S. W. M. Isitt, arrived from Europe today with her husband, on board the North German Lloyd liner Kronprinz Wilhelm II.

"I have had a summer of Sundays," she declared to her friends, the reporters, when she met them on the dock. "For the first time in my life I had a summer vacation. I did not do anything but enjoy myself. It was most delightful."

Vacation joys seem to have taken a bit from Mrs. Genee's weight, but she was fresh and happy in appearance. This is to be her farewell tour in America, she said, although she will fulfill several engagements later on in Europe, for which she had contracted before her marriage on June 11.

"I am here to go on tour with a company which opens in Philadelphia. Then I will come to New York and afterward go through the country. I do not expect to ever again appear in this country. When I go back to Europe I shall dance a little and finally appear for the last time in London. These are my plans at present—but you know it is a privilege of woman to change her mind."

EVIDENCE.

FINGER IMPRESSIONS MAY CONVICT NEGRO.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, Sept. 20.—(Exclusive Dispatch.) The last link in the chain of evidence which the police say proves conclusively that Thomas Jennings, a paroled negro convict, was the burglar who murdered Clarence D. Hiller in his residence at No. 1327 West One Hundred and Fourth street early yesterday morning.

According to Capt. M. P. Evans, head of the Bureau of Investigation, this is the first time in Chicago police history that a finger print formed direct evidence of the identification of an unknown murderer. The tell-tale finger trail was left on a freshly painted step railing in the rear of the Hiller home when the intruder climbed up to the high kitchen window to gain entrance to the house.

The comparison of the marks on the piece of railing and impressions of the negro's finger prints made by William Evans, the finger-print expert of the bureau.

PRECAUTION.

FIDO AND TABBY ARE TABOO.

GEN. FUNSTON ORDERS MILITARY POST RELIEVED.

Prevalence of Rabies at Ft. Leavenworth, Kan., Is Responsible for Edict—Cats Are Especially Aimed at—Only Muzzled Canines Are Tolerated in Sweeping Communication.

[ASSOCIATED PRESS NIGHT REPORT.] FORT LEAVENWORTH (Kan.) Sept. 20.—Every cat on the Fort Leavenworth reservation, the largest military post in the country, must leave or suffer the death penalty, by order of Gen. Funston, issued today.

The order also curtails the liberties of any dogs that may conclude to remain at the fort. The order was prompted by the fact that a dog with rabies recently bit an officer, and then a cat developed the same disease.

Gen. Funston's order states: "No cats, confined or unconfined, will be allowed on the reservation. All persons having family pets of that description which they do not wish to

have killed, may send them to some place off the reservation for keeping until the provisions of this order relative to cats may rescinded. Persons who prefer to have their cats killed, but do not wish to do so themselves, may take them to the Veterinary Hospital, where they will be humanely put to death by means of chloroform."

If cats cannot be caught, the order states that shotguns may be used by officers and members of the guard. As to dogs, all pets must be muzzled at all times, and none will be allowed to run at large between retreat and reveille. The order concludes: "Until further orders, no person on this reservation will acquire any further dogs or cats."

CONFESION FREES.

SERVES TWELVE YEARS FOR ANOTHER'S CRIME.

[BY DIRECT WIRE TO THE TIMES.] GALVESTON (Tex.) Sept. 20.—(Exclusive Dispatch.) Walter Gilman, a cowboy on the Silver Star ranch in Pecos county, who was pardoned from the State prison about three months ago, after serving about twelve years for the killing of Jack Carroll, another cowboy, near Fort Lancaster, in Crockett county, has been given title to about 24,000 acres of land, valued at \$125,000 to \$150,000 in Crockett county, by A. O. Flournoy, who admits having killed Carroll.

Flournoy is said to be somewhere in South America dying and the report is that only a few months ago he learned that Walter Gilman had been

convicted for the shooting of Carroll and was serving a twenty-five-year sentence.

After the pistol duel, in which Carroll was killed, Flournoy left Texas and went west, disposing of some cattle he owned, but his land was kept by him.

He did not know any one else who was accused of the killing and when he learned that another man was serving in prison he presented evidence to prove his innocence and secured his pardon.

It appears Gilman was with Flournoy the day of the killing and it was known that Gilman and Carroll had been on bad terms.

SOBE.

BRYAN IS POUTING.

Declares Desertion of Dahlman.

Liquor Fight, He Says, Outweighs Twenty Years' Friendship.

Will not Abide by Expressed Desire of Democrat Party.

He'll Talk for Hitchcock, but not for Head of State Ticket.

[ASSOCIATED PRESS NIGHT REPORT.] LINCOLN (Nebr.) Sept. 20.—In a statement in which he declares the liquor fight which he feels impelled to wage against the liquor interests of the State and nation overshadows a personal and political friendship of twenty years, William J. Bryan this evening announced he had bolted the head of the Democratic State ticket in Nebraska, and would not support James C. Dahlman for Governor.

Mr. Bryan said he regrets that he is compelled to take the stand he does—his first departure from political regularity—but says he feels it his duty to do so because of the position taken by the Democratic nominee on the liquor question.

The statement, which in a way is apologetic in tone, does not indicate that Mr. Bryan will support the candidacy of any other party but announces he is a pronounced advocate of county option, and the early saloon closing law, both of which he insists are endorsed by Mr. Dahlman's candidacy. The statement follows:

"I am just leaving for Missouri and shall be absent practically all of the time for about a month campaigning in Missouri, Kansas, Iowa, Indiana, Illinois. After that I shall be at liberty to speak for Mr. Hitchcock, the Democratic candidate for Congress, and for the State ticket in Nebraska."

REGRETS.

"In speaking for the State ticket, however, I shall not be able to present any arguments in favor of the election of Mr. Dahlman. His position on the liquor question makes that impossible. I regret this exceedingly, for he has been a political and personal friend for twenty years, and it would give me pleasure to speak for him, if I could endorse the policy for which he stands, but he has chosen to make the liquor question the paramount issue, and make his appeal on that issue."

"In spite of the fact that the last Democratic State Convention voted down a declaration against county option by a vote of 88 to 22, he has chosen to make the liquor question the paramount issue, and make his appeal on that issue."

"He is making his appeal on non-partisan lines, with the liquor question as the sole issue. His courage is to be commended. It is an honest way of making a campaign, although it compels him to separate himself from friends who do not agree with him, and to rely for support on those Democrats and Republicans who take his view of the subject."

"If Mr. Dahlman is elected, it will be a declaration of the voters of the State against county option and against the 8 o'clock closing law. If he is defeated it will be a declaration in favor of county option and the 8 o'clock closing law."

IN OTHER WORDS.

"In other words, the voters now have an opportunity to decide whether the State shall go backward or forward on the liquor question."

"To present arguments in favor of going backward would not only contradict what I have always said on the subject, but would embarrass me in the fight that I expect to make hereafter to save our party from the odium of being the representative of liquor interests."

DAHLMAN HURLS HIS DEFENCE.

[ASSOCIATED PRESS NIGHT REPORT.] OMAHA, Sept. 20.—Mayor James C. Dahlman, Democratic candidate for

Asthma and Consumption
Duffy's Pure Malt Whiskey Gave
Health and Strength When All
Else Failed. Six Bottles Have
Made Mr. Nash Feel Like a
New Man.
He recently wrote: "Last
January, a year ago, I caught a
severe cold while working. I
coughed all the time. I sent for
my doctor, and he said I had con-
sumption and asthma; he gave
me some medicine which did me
no good. I saw your advertise-
ment in the paper and decided to
try your medicine. I have
taken 6 bottles and it has done
much good, and has given me
lots of strength. I am sure it
will cure me. I am still taking
your Duffy's Pure Malt Whiskey
and I recommend it to my friends
and will continue to do so."
James W. Nash, Cottageville,
Ky.
Thousands, both men and women, like Mr. Nash, praise Duffy's
Pure Malt Whiskey for restoring them to health.
Duffy's Pure Malt Whiskey
is a wonderful remedy for all diseases of the throat, lungs and stom-
ach, and all run-down and weakened conditions of the body, brain
and nerves. It builds new tis-
sue, quickens the circulation, and
aids in driving out all disease
germs. It is prescribed by doctors
and is recognized as a family medi-
cine everywhere.
CAUTION—When you ask your druggist,
dealer or waiter for Duffy's Pure Malt
Whiskey, be sure you get the genuine
and is sold in SEALED BOTTLES
ONLY—never in bulk. Price \$1.00 a large
bottle. Look for the trade-mark, the "Old
Chieftain" on the label, and make sure the
seal over the cork is unbroken. Write
Duffy's Pure Malt Whiskey Co., Rochester, N. Y., for an illustrated
medical booklet and doctors' advice, both
sent free.

SPORTING NEWS, LOCAL AND TELEGRAPHIC.

TEN INNINGS
DOUP WHALE.Van Buren's Error Defeats
Red-Faced Heaver.Delhi Pitches and Fields in
Classy Manner.Good Fielding Features Fast
and Snappy Game.Los Angeles, 2; Sacramento, 2. Ten
Innings.

Why the Tall-end Senators beat the Angels six straight games in the last trip north could easily be guessed after watching their struggle yesterday. It might be stated that they would have trimmed the locals yesterday in all probability, had not Van Buren muffed a long fly to center in the third inning.

This put Daley on second base and he easily scored on Bernard's hit to right field. Perfect play would have prevented this run, and as the game turned out, the Senators would have won 2 to 1 in nine innings. This run helped to the score and in the extra inning that was necessary the locals got the winning run.

It always affords the locals more satisfaction to harpoon the Whale than any other flipper on the Fall Ends, and while they stuck chances eleven times, he managed to keep the majority of these pokes scattered through ten innings. The two hard ones were separated and did not hurt a bit, but the dinkies made the runs possible. Chances fanned four men and it was certainly hard luck for him to lose through the only error of the game, and that one made by a player who would not have such a one again in a month.

Delhi did good work except in the
fifth inning, and outside of this round
the only Senator to reach third base
was Perry, who got there on three
successive singles but was caught at
the plate. Delhi was touched twice in
spots but he always seemed able to get
away with everything, for he had the
best kind of support.

RUCKER TIME CIRCUIT.

The crowd was a comparatively small one on account of the other attraction of the circus, but the faithful got the worth of the money in a number of the plays. Hallinan started these with a running left-handed stop of Danzig's hard bouncer in the second inning, and Howard made a beautiful assist of Boardman's grounder back of the pitcher's box in the fourth inning. Heister made a peach of a running catch of Hallinan's short fly to right in the fifth and Shinn surprised the fans with a left-handed jump-catch of Bernard's high liner in the fifth. Van Buren also shone with a fine grab of Daley's fly in the ninth.

The Senators got their two runs in the fifth after two men were out. Speelman hit to right and was forced at second by Whalen who, in turn, was forced by Shinn. Van Buren scored Shinn with a left-handed shot and scored himself on Heister's drive to right center. Only one other man reached second base in the succeeding five innings.

For the locals Daley hit a long fly to Van Buren which was muffed, Daley going to second and scoring on Bernard's hit to right in the sixth. Howard and Dillon singled, Murphy sacrificed and Hallinan dumped a Texas leaguer into right field that scored Howard. This run tied the score and it remained this way until the last of the tenth, in which Bernard led off with a single. Howard's sacrifice put him on second, Dillon's perfect bunt along the third-base line sent him to third, and he scored on Murphy's sacrifice fly to Heister.

HE BLAMES THE NEWSPAPERS
FOR HIS WEIRD EXPERIENCE.

Walker or Mitchell?

Walker or Mitchell?

Walker or Mitchell?

Walker or Mitchell?

SAN FRANCISCO, Sept. 20.—[Exclusive Dispatch.] Fred Walker, alleged alias "Mysterious" Mitchell, was feeling peculiar and out of sorts. He did not like the publicity of his movements.

"Just tell the boys good-by for me," said the stranger to Hunkie Shaw and Frank Miller. "Probably I will not see them any more. The papers are to blame for this."

This morning, when Danny Long had a heart-to-heart talk with him, the mysterious had changed his mind again. He seemed everything is rosy and he will be in line to pitch when his services are required.

Walker Mitchell was called up on
the phone today.

"Will you affirm or deny the story that you are Fred Walker, formerly of the University of Chicago, and—"

I will not answer the question," he

replied, somewhat angrily, and hung
up the phone.

Danny Long professes not to be worried over the situation, but the fact that he has wired Jack Gleason to see McGraw and ascertain whether Walker is an ineligible player, is proof that the San Francisco manager is doing some thinking.

According to Chicago baseball authorities, if Walker is playing under an assumed name, or even if the man with the Seals is playing under an assumed name, he is not eligible.

REVISED STANDING.

THE TIMES DISCOVERS HIM.

The standing of the Pacific Coast League teams today, if the games in which Mitchell-Walker pitched are thrown out, is as follows:

W. L. Pct.

Portland.....157 89 65 .567

Oakland.....174 95 79 .546

San Francisco.....168 88 78 .550

Los Angeles.....173 87 86 .503

Sacramento.....161 80 86 .507

San Diego.....159 80 86 .507

San Jose.....157 79 88 .473

Totals.....157 89 65 .567

In the Air.

The Senators brought their new
beavers, Arrellanes and Pape, and both
will be worked this week. Arrellanes
has taken on a lot of weight since he
pitched here years ago.

CRACK BEAVER HEAVY SHUTS
OUT VERNON MEN.Ryan Scores Two Runs With
Olsen's Assistance.Raleigh Flings Good Ball but
Is Outclassed.Portland, Sept. 20.—[Exclusive
Dispatch.] Vernon Gregg occupied the
hill top for the Beavers in the opening
game of the final home stand today
and held Vernon virtually helpless for
nine frames, shutting the southerners
out by a score of 2 to 0.Hitting a slight streak of wildness
in the seventh frame when Vernon got
the first two men up on the paths
through bases on balls, Gregg was
never in the slightest danger. The
three against him were beat by
wildly scattered, and one of them,
Carlisle, was decidedly scratchy.Back of the big southpaw was per-
fect fielding by the Beaver brigade.
He waited the Houston twirler by beat-
ing out a couple of timely wild-
lops when two men were in the cooler.
Each time he scored Buddy Ryan.Gregg endeavored to coax vic-
tory to the Vernon standard, but was
unfortunate in having four of the seven
men bunched on him. Portland's
first run was collected in the third
chapter. Murray and Gregg had been
disposed of by Raleigh, when Ryan
Jolien twice by base on balls, and
out an infield tap which caught
both Burrell and the pitcher napping.
Ryan stole second and Olsen delivered
a slide to center which Ryan dashed
across the register.All went well for Raleigh until the
eighth, once more the Vernon
twirler got Murray and Gregg out of
the way. Then came Ryan, who
soaked one which sent the spheroid
carving around the center garden wall,
while Carlisle was chasing it. Ryan
drove into the third bag by a hand-
some hit, he was then up to Olsen,
who once more he made good with
a corking two bagger, which came
near earning him fifty bones by hit-
ting the "bull."Three fast double plays, two by
Lindsay and Norman Brashear, and
other from Olsen to Rappes to
Sheehan served to liven up the matinee.
The score:

AMERICAN-MEXICAN CONCERT
FEATURE AT EL PASO.

Mexican Soldiers invade United States by Special Invitation and Population of Ciudad Juarez, Officials and All, Trek over Rio Grande as Guests at Centennial Celebration.

(BY DIRECT WIRE TO THE TIMES)
EL PASO (Tex.) Sept. 20.—[Exclusive Dispatch.] Playing of the national hymn of Mexico and "Star Spangled Banner" at a concert by Mexican and American military bands, was the closing feature of a joint international celebration by Americans and Mexicans.

At EL PASO TODAY.
 The Mexican band was the Third Cavalry band of Chihuahua, which has been stationed in Juarez during the centennial celebration there.

The municipal military band united with this band for the concert which was given in Cleveland Square before practically the population of 21 Paso and Ciudad Juarez.

Special invitations were extended to the Mayor of Juarez, to the Mayor of Juarez, his officials and the people of Juarez to attend the celebration concert.

The entire official roster of the Juarez garrison in full uniform as did the officers of the Twenty-third Infantry, stationed at Fort Bliss.

The concert was conducted by Cap. Antonio Villar, director of the Third Cavalry band.

To play the Mexican national hymn without the permission of the Federal government is a penal offense in Mexico. For this reason it was necessary for the commanding colonel of the Juarez garrison to telegraph to Mexico City for special permission.

This was granted by wire and the national hymn of the Mexican Republic was played at the celebration, the national air of the United States, were played as the closing numbers of the programme, the entire audience standing while they were rendered.

DENIES NEGRO INJUNCTION.
Arizona Judge Rules Separation Races in Schools is Proper Proceeding.

(Associated Press Night Report.)
DOUGLAS (Ariz.) Sept. 20.—Negro residents who have heretofore refused to permit their children to attend school provided especially for their separate from the whites, were told without recourse today by a decision of Judge Fletcher Doan, who declines to enjoin the proposed segregation.

Since the school was built a teacher has been regularly employed for the day was refused to send the children to the school, the segregation was race discrimination and further, that attending the school was a violation of the law of the children, who would have passed a dangerous railroad crossing.

NEWS AND BUSINESS.

Chief Gets Her Jewelry.
Mrs. A. Peyton of No. 867 Santa Fe avenue reported to the police yesterday that her room had been entered by a sneak thief. She was robbed of watch, neck chain and brooch, left in her dresser.

Region Health Head Here.
Dr. H. B. Morse and Dr. Calvin S. Thile of Portland, president and secretary, respectively, of the Oregon State Board of Health, are making the city a hasty visit. They are entertained by Dr. G. W. Tape, formerly of Oregon.

Case Envoy to the North.
Secretary Root of the Southern California Peace Society went north last night, to spend some weeks in work among the schools and colleges. Until November 1, he may be addressed in care of the general delivery, Berkeley.

Display the Flag.
A citizens' committee yesterday issued a resolution, calling upon all residents of the city to display the stars and stripes on October 3, in honor of the completion of the new federal building. On that day a general celebration of the occupancy of a building will take place.

His Tale of Hold-up.
H. J. Jacobs, a railroad engineer on Sacramento, wandered into the evening hospital at 4 o'clock yesterday morning bleeding profusely from a cut over his left eye and another in the palm of his left hand. He said he had been held up and robbed on Central avenue.

Social Agent Arrives.
C. W. Smith, special agent of the department of justice, arrived at the hotel yesterday morning from Detroit. He is here to arrange for a hearing in equity of an Idaho land case, in which most of the parties concerned are in Southern California. Peyton Gordon, special assistant to Attorney-General Wickham will arrive in a few days to be up the case.

It as Supple as He Was.
Robert Floeter of No. 1211 Bonnie street has not lost his interest in circus parades for all that he is 77 years of age. In order to get a better view of the procession as it passed the corner of Washington and Reid streets yesterday morning, he rolled himself up on a fence. Slippery as he struck the sidewalk so hard that he was unconscious for thirty minutes. His injuries were dressed at the Receiving Hospital.

Anniversary Taken.
Miss Katharine Converse, cashier of the Nadeau hotel, was solemnly remembered yesterday on the anniversary of her arrival at the hotel. She was also her birthday. Messrs. Men and Thompson, proprietors of the hotel gave her a beautiful watch, a raised figure dial and unique jewelry. Miss Converse refused to state many years ago she arrived, but Alden figured it out not more than sixty, by which number he increased monthly stipend.

BREVITIES.

Telephone Today.—Ring The Times to insert your Sunday "Want." It has been difficult to regulate telephoning of classified advertisements for the Sunday Times. Efforts have been made to relieve the congestion, but account of the day being so numerous, but it is impossible to judge the particular day of the day selected by patrons call up the office. Hence the necessity of advertisers telephoning their announcements early in order to insure accuracy in transcription and afford a superior service in sequence. They can be telephoned in the week, with orders to be on Sunday. The office will endeavor to receive them, and will take care to see that all directions are fully complied with.

Unmuzzled School will open fall term Monday, September 26, when Academy Junior School and Kindergarten begin work. School of Expression and Physical Training Department will begin on October 2. way official and married Margarette Nansen. Since 1890 he had been a member of the Imperial Theater in Vienna, and plays that made his name popular through Germany and Austria included "Romeo and Juliet," "Hamlet" and "The Jewess of Toledo."

D. P. Simons.
SAN JOSE, Sept. 20.—D. P. Simons, one of the most prominent of the business men of Los Angeles, and a member of its Board of Trustees, died suddenly at 10:30 o'clock this forenoon, just after returning to his home from downtown, in apparently good health. Heart disease was the cause.

Archbishop McLagan.
LONDON, Sept. 20.—The Most Rev. William Dalrymple McLagan, archbishop of York, died here yesterday of pneumonia. He was born at Edinburgh in 1826. He held the office of archbishop of York from 1891 to 1909.

J. D. Voltz.
CHICAGO, Sept. 20.—J. D. Voltz, for fifty-five years a telegraph operator and a member of the Civil War veterans' corps in England, died yesterday. From Rome, Ga., he sent the message to President Lincoln outlining Gen. Sherman's plan of his march to the sea. Last fall he was retired on pension by the Chicago & Northwestern Railroad after twenty-five years as station master at South Elgin.

Father Olivier.
PARIS, Sept. 20.—Father Olivier, who delivered a sensational sermon at the funeral of the victims of the Charity Bazaar fire in May, 1907, died today.

Father Olivier was a strong and fluent preacher of Christian socialism. Years ago he made a tour of America and preached in New York. The investigation of the causes that led to the Charity Bazaar fire, when scores of lives were lost, developed criticism of the management of the entertainment and much bitter feeling. Father Olivier's outspoken remarks on the subject incorporated in a funeral sermon caused his removal from the pulpit of the cathedral of Notre Dame.

BROUGHT FROM MAINE.
Sons of the late Francis Murphy, the great temperance apostle, have had the remains of their mother brought from Portland, Maine, where she was originally buried, to Los Angeles, where several of her children now reside. The remains will be interred in the last resting place of Francis Murphy in Rosehill cemetery, Thursday morning at 11 o'clock, when members of the family and friends will gather and Rev. Dr. Locke will offer prayer.

VITAL RECORD.

MEANS MUCH FOR TOWN.
Monrovia Citizens to Vote on Proposition Involving Outlay of Many Thousand Dollars.

MONROVIA, Sept. 20.—At last night's regular session of the Board of Trustees, attended by all members except C. W. Casner, October 14 was set as the date for a sewer and water bond election. The propositions to be voted upon are: \$125,000 for sewer construction and purchase of a sewer farm; \$50,000 for improvement of water system and completion of fire protection system.

A determined effort will be made to overcome objections, assigned as reasons for the defeat of the sewer bonds a year ago. The Board of Trade and allied civic organizations are vigorously cooperating with the Board of Trustees and will put at the service of every elector full and accurate information as to how the money will be spent. The original sewer plans, prepared by Olmstead and Giffen of Los Angeles, have been amended to include the entire city and provide for increase in population, both within present corporate limits and within territory which may be annexed in the future.

Improvement of the water system includes the enlargement of principal mains to render available the whole well supply, and extension of distributing mains and laterals.

URBAN PESTS.
From the viewpoint of ranchers whose property lies along the cañon road, the mountain playground has its drawbacks. Too frequently for the fruit growers' financial interests, the picker from the neighboring cities has an undeveloped sense of ownership and an empty suit case for oranges. Also, he enjoys a dip in the foothills reservoirs, some of which furnish the ranch domestic supply.

At least the ranchers have become "peevish" and one of their number, G. W. Kremer, has been appointed a deputy marshal and decorated with a large, glittering badge to prove it. He serves without pay, but expects to enjoy the open season for Sunday marauders.

NEWS NOTES.
To enable a close study of "African Game Trails," school children are granted a holiday tomorrow to attend the circus. The action of the school authorities is merely a formal acknowledgment, for the kids were all going anyway.

The acceptance by Trustees of Melrose avenue profile submitted by City Engineer Gerlich, permits the opening of the new street to begin at once. It will extend from White Oak avenue north to Banana, and have a subdivision frontage of 5000 feet.

Or, to put it differently; if you are suited with a suit, will your wad lose a great deal of its wadding? And the answer is;—not much. For if you visit any one of our three stores, you're certain to find fashionable new fall fabrics that will please you and these can be made up into the noblest kind of suits for \$20 to \$50.

The Los Angeles Times

LOS ANGELES

WEDNESDAY MORNING, SEPTEMBER 21, 1910.

5 CENTS.

LABOR UNIONS ARE HIT HARD.

Gas Convention Applauds the Anti-Boss Stand.

Causeless Strikes the Only Blot on Year.

Keen Addresses Are Made by Corporation Men.

Vigorously urging that the great public service corporations of the Coast should ally themselves with those opposing the labor-union abuses of industry, Walter B. Cline, president of the Pacific Coast Gas Association, voiced the sentiment of that body in his address of welcome to the delegates to their eighteenth annual convention, which opened in the Auditorium yesterday.

In a general resumé of the gas industry, Mr. Cline referred to the attempted crippling, by causeless strikes, of the iron industries and those dependent upon them as the one drawback to an otherwise successful and prosperous year for the gas makers.

"There seems to be no reason for them," said Mr. Cline, "except a general discontent and desire to extend the domination of the unions. This is a matter which seriously affects the gas industry, not only through its direct effects, but also on account of the general hard times it brings to every industry. I hope the iron foundrymen will stand firm in their resistance to the demands of the union, and I believe that we, gas men, should render them every assistance in suppressing the agitation. One successful strike merely leads to another, and the concession of our government labor merely means another demand—until they reach beyond all reason."

Elsewhere in his address, which was warmly applauded by the association, Mr. Cline spoke of the great and growing significance to the Coast of the gas industries. He urged the establishing of a state gas board, with utilities for their control, saying that experience has demonstrated that local boards are not qualified, by reason of the much maligned gas meter, supposedly racing against time whether in the presence or absence of its use, to target for profiteering abuse, surreptitious tinkering, and general profligacy. The system of municipal inspection, he said, is a pathetic picture of manifold troubles of the much maligned gas meter, supposedly racing against time whether in the presence or absence of its use, to target for profiteering abuse, surreptitious tinkering, and general profligacy. The system of municipal inspection, he said, is a pathetic picture of manifold troubles of the much maligned gas meter, supposedly racing against time whether in the presence or absence of its use, to target for profiteering abuse, surreptitious tinkering, and general profligacy.

An address considered of large significance by the gas men was given by S. M. Kennedy, general agent for the Southern California Edison Company, on "Relations With the Public." He said that the greatly increased efficiency of the gas companies within the past few years was largely due to an awakened appreciation of the necessity for closer relations with the public. The one-time popular judgment that such companies were governed by the public, "damned" as it were, to be rapidly disappearing under the new conditions obtaining between purveyor and consumer.

Other papers, of a more technical nature, were read by M. Berkley, superintendent and engineer of the Domestic Gas Company, Sherwood Grover, engineer for the Pacific Gas and Electric Company of Oakland, George Kirk, superintendent of gas distribution for the same concern, and E. A. Luckenbach, manager of construction for the Los Angeles Gas and Electric Corporation.

The convention has opened with one of the largest initial attendances in its history, nearly 200 being present at different times yesterday. Close to 100 cities in a dozen different States are represented, and every gas-producing concern of importance on the Pacific Coast.

Today the programme of addresses will be continued, after which the election of officers for the ensuing year will conclude the official business. The remainder of the week is devoted to excursions and sight-seeing, under the auspices of the three local companies. A banquet will be tendered the association members at the Alexandria this evening. For the ladies a theater party at the Orpheum has been announced by the Domestic Gas Company.

FRAUD IS ALLEGED.

Mail Order Man Is Arrested, Charged With Making Illegal Use of Mails.

Detectives Knox and Home last night arrested G. J. Osterhout on a charge of using the mails to defraud. The arrest was made at the postoffice, when looked up in the City Jail, Osterhout had \$109.42 on his person.

He was arrested at the request of the Federal authorities, who have been conducting an investigation. The prisoner has been under suspicion and when he appeared at the postoffice, the police were asked to take a hand in the matter.

Other than that Osterhout conducts a mail order business in fountain pens, the Federal authorities did not make public any particulars concerning the reasons which led to his arrest.

PECUILIAR.

WOULD BURN A COURTROOM.

Attempt to Fire Justice's Quarters Fails.

Bar tender Uses Syphon as an Extinguisher.

Revenge May Have Caused Dastardly Act.

An incendiary attempted to destroy the building occupied by Justice Summerfield's court, Monday night. That he did not succeed is due to the fact a bartender in the Elmer's saloon, which is in the rear of the courtroom, saw the flames when they first appeared.

The motive which inspired the fire bug is a mystery. Whether he was employed to destroy records which were damaging to somebody, or was a labor-union picket bent on revenge is not known.

If the crook was intent on feeding the court records to the flames, it is not known what particular case was the basis of his attempt.

If he was seeking revenge the explanation is easier. Constable Bernard Cohn has an office in the building. He furnished the deputies who were in the courtroom from violence when the brewery workers first went on a strike. There has been much bitter feeling against this official on account of the part his deputies played in protecting the property of the brewers. They made several arrests when violence was attempted, and the strikers vowed vengeance.

The building occupied by the courtroom and the small office of the constable is a one story structure. The ground slopes away from the street and leaves a space underneath the courtroom. The firebug had apparently surveyed the ground during the daytime.

PLENTY OF FUEL.

There is sufficient wood in the building to make it burn quickly. The floor is of wood and has become very dry during the many years it has been in place.

The incendiary sneaked under the building and piled a heap of paper around the dry wood. He then struck a match. His plan for destruction was perfect, except that he did not take into consideration the fact that the courtroom is in the rear of the building.

If the blaze had not been extinguished, the building would have been in ruins in a few minutes.

A firebug fact is that the courtroom is almost across New High street from the Hall of Records, the dynamiting of which was attempted a short time ago.

Ordinarily, there are few persons passing along New High street in the evening. It is probable that the firebug knew this, and expected that the fire would not be discovered until it had a good start.

USES SELTZER SYPHONS.

A bartender in the Elmer's saloon was looking out the rear door when the first flames lighted up the darkness. He acted on his first impulse and rushed toward the flames with a siphon.

Adam Maunest, the proprietor, saw the unusual action of his employee and followed him with two buckets of water. They extinguished the blaze with little effort, as it was still in the papers and had not been communicated to the wood.

The saloon men were in time to see the firebug run. He took a siphon from the bar and used it to extinguish the blaze, and his description has been given to the authorities. An effort was made yesterday to apprehend him, without avail.

Owing to the attempts at dynamiting and incendiaryism, the block is now being closely watched by the authorities.

TEAMSTER GONE "BROKEN"

William J. Burger, a teamster, residing at No. 1008 Drexel avenue, yesterday filed a petition in bankruptcy in the United States District Court.

A creditor of \$11,048 and \$11,048 was formerly a part owner in No. 4 Newton Gulch, an Alaskan mine. The property must have been valuable as the man was allowed to borrow money promiscuously from the banks and persons of wealth. It is apparent that one of the reasons for this poverty was the willingness to sign notes with other persons. His assets consist of money which he has coming from persons he has trusted.

LOCKING HORNS.

STAGE SET FOR THE GREAT LEGAL FRAY.

Attorneys for Claimant to Share of Baldwin Estate to File a Protest Against Distribution October 26.

Contest Based on Legitimacy Law.

ON THE 26th inst., the attorneys representing Beatrice Anita Turnbull Baldwin will file their protest against the final distribution of the estate of the late E. J. ("Lucky") Baldwin, and the greatest will contest in the history of California will commence.

Judge Rives has set this as the date when the answer to Gavin McNab's petition for the final distribution of the estate is returnable.

McNab filed his petition for the final distribution of the property on behalf of Anita Baldwin, McClaughry and Clara Baldwin Stocker last week. That was the signal for the attorneys representing Anita Turnbull Baldwin to commence activities, and everything is now in readiness for the filing of the contest notice.

The amount at stake is about \$50,000, but, in reality, there are many other ramifications to the contest.

Should the claim of Beatrice Anita Turnbull Baldwin be allowed, it will mean a complete reapportionment of the property.

The attorneys for the other heirs have steadfastly refused to recognize the claims of the Boston girl, and showed an inclination to laugh at her pretensions. That they will not give in to a stiff fight is assured. Beatrice Turnbull is prepared for a long battle, and she will not give up so long as there is any hope of victory left.

Beatrice Anita Turnbull Baldwin is the daughter of Mrs. Lillian A. Turnbull, the wife of a wealthy and prominent physician of Brookline, Mass.

THOUGHT HE WAS DIVORCED.

According to the allegations of the attorneys, the mother of the girl entered into a marriage with a man who was already married.

The man who was already married was the father of the girl.

**EYE-WITNESSES
DESCRIBE ACT.**

TELL POLICE THEY SAW GIRL

Young Married Couple Volunteer to Testify at Trial of Davidson, Who Is Charged With Felony—Mother.

Who Stole for Babe, Released on

B. E. Davidson, a member of the real estate firm of M. M. Davidson & Son, was arraigned yesterday morning before Police Judge Frederickson on a felony charge, and held, in default of \$1500 bail, until his examination, which was set for October 1.

Davidson was arrested by Patrolman

Oaker and Bean, of the University Police Station, on a complaint charg-

ing him with lewdness. Last Sunday evening the park watchman at Hollenbeck Park arrested a man near Hollenbeck Lake on suspicion of undue familiarity with a little girl. The watchman, however, did not have witnesses, and after interrogating his prisoner, was forced to leave him go for lack of proof.

Later in the evening, however, a young married couple, whose names

at the Police Station with the infor-

The police knew nothing of the matter, nor did the Sheriff's office, and it was only yesterday morning that

the park watchman was fixed upon as the officer who made the arrest

It is alleged that Davidson is the man who was taken into custody and released by the park watchman.

MERCY SHOWN HER.
STOLE FOR BABY'S SAKE.

Mrs. Helen Whiting, the young woman sentenced ten days ago to a fine of \$50 or fifty days in jail for stealing about \$40 worth of lace from the Fifth Street Store, where she was

employed as a clerk, was released from

custody yesterday and placed on probation by Police Judge Williams.

Mrs. Whiting, who is only 19 years old, owes her liberty to the kindly efforts made in her behalf by Police Matron Gilbert, and the officers of the auxiliary to the Order of Railway Conductors, of which her father was a member.

The case was peculiar and pathetic. Mrs. Whiting became a mother seven months ago. The child was born while

she was under the influence of chloroform, and taken away. On the day

she was arrested the baby was to have been restored to her. She longed for it, and dreamed of dressing it richly until, yielding to temptation, she stole a bolt of expensive lace from the store in which she worked.

BRAZEN IT OUT.

ROBBERS GRIN IN COURT.

Peter Vorrath and Harry J. Nau, charged with the robbery of the Exchange, were transferred from

the City Jail, to the County Jail yes-

Monday morning, to await their trial before the Superior Court. The preliminary examination of the prisoners was begun last Saturday morning, but it was not finished until yesterday, so much testimony was there to be heard and so many were the articles to be identified as having been stolen. Nau grinned when he heard Police Judge Chambers say that the evidence presented was sufficient to warrant their being bound over to the higher

How About Your Wedding Presents?

You may have a lot of gifts that you don't highly but for which you have no immediate use. Perhaps you have not yet started keeping and have no safe place to keep silverware and cut glass. They should be stored where they would be out of the reach of thieves, fire, water, earthquake and all other dangers. The great Storage Vaults of the

SECURITY SAVINGS BANK

Offer the best possible protection from all of these dangers. The cost is trivial compared with the return you derive in peace of mind. Knowledge that your valuables are absolutely safe. Trunks, cases, valises, plate chests and bulky packages of valuables are here protected from all attack from without, and is of the same construction as the one devoted to safe deposit boxes.

Our automobile will call for your package in your presence and return it intact when you want it. While it is in storage you can use it at any time you wish. BUT NOT ELSE CAN.

General News of Interest From Oil Fields.

The Kern River Oil Fields, Limited, California, the syndicate operating the Imperial, Thirty-three and Kern Black properties in the Kern River area, has closed a contract with the Joaquin Power Corporation for the purchase of electric current for use in drilling and stock pumping on these properties.

J. A. Borgs, general superintendent of the syndicate properties, as he is known, the Kern & Mack holdings prior to their transfer, is responsible for the purchase of electric power. Seven months ago he paid a visit to the plants of many large electrical companies in the East, and came back with the idea that the Kern River electrical power would some day supply other power in the oil fields. According to the great extent of the syndicate oil properties, much power is necessary to supply the machinery used. Within a few weeks the syndicate new plant of the San Joaquin River Company in the Crane Valley will be completed. Then the power will be extended into Bakersfield and Kern county, and the power used in the oil fields can be supplied.

It is understood that the Kern River Fields, Limited, has placed an order for 300 motors, which will be installed on drilling and pumping wells. Tests already have been made of the use of electricity in the oil fields, and have proved to be very satisfactory.

THEY KNOW HIM.

SUSPECT HAS A BAD RECORD.

CONNORS CAREER IN ARIZONA MARKS HIM.

Police Wire Facts About Labor Union Picket Arrested on Suspicious Circumstances. Revealed to Pack Juries With the Sympathizers.

Connors, who was arrested in the hallway of the Hall of Records in a fight with Patrolman Abel, a few hours before two sticks of dynamite were found in the spot where he was skulking in the darkness, and a stick of dynamite the building was left in, with small fragments received yesterday by police from Blabac gave information as to the character of the agitator. February 12, 1907, the record shows, was found for a breach of the peace, and for the same year he was found for carrying a concealed weapon for which he was fined \$10 and jailed for 10 days. December 1906 he paid a fine for a breach of peace. January 12, 1906, he paid \$100 upon conviction of assault and battery.

Connors closed there, but the Blabac wire that while in that district, and in a house of burning down "the same." An Arizona record of A. B. Marshall on a charge of vagrancy, sustained several days ago. Efforts to pack juries and their sympathizers in Arizona and other labor cases, were discovered by Police Capt. Connors' men.

There is to have a scout pick up and send the tip to his arrest. A number of the cleanest men make it their business to themselves on the street so that a police-server cannot help meeting them.

Connors and a cheerful ad of the ownership of property in the city will do the rest, and is served with a notice to serve.

When this trick, the police say, blocked the way of justice to the court. In the case of Connors, in every case, the police had the work of the "jury" in the case of the office entrusted in the labor cases.

PLAN DESTINY OF NEW STATE.

Something About Men Who Will Make Constitution.

They Come From Many Trades and Professions.

Senatorial Candidates Bob Up Sincerely in Arizona.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

TUCSON (Ariz.) Sept. 17.—Now that all returns of the election in Arizona for choosing candidates for the constitutional convention are in, the Democrats are able to fully realize that they won a victory never before equalled in the Territory, having elected forty-two of the fifty-two delegates which will compose the convention. This result was won notwithstanding the fact that the new labor party polled about two thousand votes in the Territory for their candidates. Probably two-thirds of the labor vote were drawn from the Democrats and it is pretty sure that nine-tenths of the labor votes in the recent election would have been cast for the Democrats, because of their enthusiasm for the initiative and referendum for which Democrats stood pledged in every county.

PROMINENT DELEGATES.
While the nominations made by either party were not featured by the selection of prominent men for the constitutional convention, still among those elected are several who have been prominent in the past. However, of the fifty-two delegates there are not a dozen who have ever attained prominence in politics or in government affairs.

In Cochise county E. E. Ellinwood, at the head of the legal department of Phelps Dodge company, was elected. Mr. Ellinwood first became prominent in the Democratic party in 1882, when he was a delegate to the national Democratic convention in Chicago when Grover Cleveland was nominated for President for the third time.

After the inauguration of Cleveland in 1883, Ellinwood was appointed to the office of United States Attorney for Arizona, holding the position for five years. He was a candidate for Congress in the year 1890, losing the Democratic nomination by two votes to Col. J. F. Wilson of Prescott. Twice he has been chairman of the Territorial Democratic Committee, each time conducting successful campaigns for his party.

Tavapai county sends two men of marked prominence to the Constitutional Convention—Judge Ed Wells, Republican, and Hon. Morris Goldwater, Democrat. Judge Wells was at the time associate justice of the supreme court, receiving the appointment from President Cleveland. He is president of a bank at Prescott and stands high as a substantial citizen. Morris Goldwater has represented Tavapai county in the Legislature for several times and has the reputation of being better posted in parliamentary law than any other man in Arizona, and for this reason his friends are insisting that he should be made president of the Constitutional Convention. Goldwater owns a large real estate establishment at Prescott and also one at Phoenix.

Judge A. C. Baker of Phoenix is one of the ablest lawyers in Arizona and goes to the convention from Maricopa county. Baker was chief justice of the supreme court during the last administration of President Cleveland and has ranked as a leader in the Democratic party for a quarter of a century.

Gila county sends Hon. George W. Hunt to the convention. He has represented his county five terms in the Arizona Legislature and twice was president of the Council, being president of that body in the last session. Hunt is a prominent lawyer in Gila county, an ex-Mayor of the city of Globe and a prominent business man of that city.

Graham county sends two members of the Legislature in Hon. W. T. Webb of Pima and Hon. Lamar Cobb of Clifton. Webb was speaker of the Assembly four years ago and Cobb was a member of the Assembly six years ago.

MUCHLY MIXED BODY.
The body of the convention will be composed of business men, farmers, miners, machinists and others, as the Democrats, who won the victory, were liberal in recognizing the laboring class. For instance, in the ten delegates from Cochise county there is one miner, one machinist, one railroad engineer, one brakeman and one plumber, and there are many of the same class from other counties.

SENATORIAL TALK.
While the Republicans were disappointed with the result of the constitutional election, they are expected to continue their fight for control of the new State. The prominent Republicans who are regarded as aspirants for Senator in case of victory for their party are Frank Murphy of Prescott, head of the Santa Fe Railroad branch lines in the Territory; Horat A. Smith, ex-chairman of the Republican Territorial Committee, who led his party to victory in 1908, Smith is a prominent mining man, owning properties in Cochise and Gila counties in Arizona and in Grant county, New Mexico. Hon. Ralph Cameron, present delegate to Congress, also is a victim of the Senatorial bee and ex-Governor Kibbey of Phoenix is another Republican aspirant for this honor.

Among the Democrats there are already several announced candidates for the Senate. Hon. Mark Smith, who for twenty years represented the Territory as its Congressional delegate, is a candidate. Hon. Eugene P. Freeman of Tucson, Hon. Henry Ashurst of Prescott and Col. J. L. Pickett of Tombstone, also have given public announcement of their aspirations. As it is not likely that the first State election will be held in Arizona before the spring or summer of 1913, there will be time for the holding of other Senatorial aspirants both Democratic and Republican.

TULARE TAX RATE.
VIRALIA, Sept. 19.—Tax rates of Tulare county were established at the meeting of the Board of Supervisors held today. In view of the fact that seven bridges are to be built across the bays of the Tulare river, the rate outside of the incorporated towns will be 11.55. Within the corporation, the road tax being eliminated, the total taxation will be \$1.18. The rate for the incorporated towns is identical with that of last year, while that for the country districts is 25 cents higher than in 1909.

SLAYS YOUNG GIRL'S FINANCE.

Mexican Ex-Convict Shoots Native Miner—Bandits Rob Mine Officials of Thousands.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

BISBEE (Ariz.) Sept. 16.—Pellegrino Castillo, a young miner, is dead of a pistol bullet wound received at Tintown Sunday night. The shooter, Ignacio Gerjald, cannot be found and may have slipped over the line into Mexico. A close watch for him has been kept along the border.

Gerjald is an ex-convict, sent to the Arizona penitentiary for stabbing a woman in Douglas. Lately he had been living with a Mexican woman whose daughter Castillo was about to marry. In his capacity of titular stepfather to the girl, Gerjald tried to prevent the wedding, although Castillo was generally esteemed more highly than the average of his fellows. Near Cananea, Superintendent Hauser of the Calumet and Sonora mine shot a timekeeper who was robbed by highwaymen of \$2400 in cash, comprising the mine payroll. The robbers were two Mexicans, who made their escape on the horses of their victims. The horses were found later by Mexican officers who were promptly put on the trail, but the highwaymen are still at large. It is believed they were miners who were familiar with the manner in which Hauser paid off his men.

John Doreese, a pioneer of this locality, is to be committed to the Territorial asylum for the insane following an outbreak at the Bank of Bisbee, where he demanded \$5000 from Cashier Cunningham. The money, he said, had been deposited to his credit about five years ago, following a stiff fare game at the Orient saloon in which he had won \$2500. The cashier refused to pay him, and he could carry only \$32,000 home.

NO PUPILS AT SCHOOL.

Up to date the "Jim Crow" school at Douglas has not proved a success. The teacher, in a well equipped school room in "Boneyville" suburb, has sat in solitary state for several days without a single pupil. The colored people of the district declare that they have been subjected to insult through racial prejudice and refuse to permit their children to attend the school, despite threats from Superintendent Lutz that the truant officer will be sent after them if they persist in this course. It is asserted that the colored school was illegally established and the segregation will be fought. The only other town in the Territory to establish segregation is Phoenix, where ex-Gov. Kibbey has been engaged to fight the measure on constitutional grounds.

An auxiliary telephone service has been established along the line of the El Paso and Southern Railway for use in case of trouble to the telegraph lines. A few days work is to be started on a section of territorial highway, between Forest and Bisbee, the cost of which is estimated at \$2500. This section will serve to connect Bisbee and Douglas with an excellent road, something which has been badly needed.

RECEPTION AND BANQUET.

Union Avenue Methodists and Their Neighbors Will Celebrate Completion of Social Hall.

The completion of the Social Hall of Union Avenue Methodist Church will be celebrated tomorrow night with a reception and banquet. Dr. Charles Edward Locke, S. P. Mulford, C. A. Parmelee, Z. L. Parmelee, J. Van Cleave, N. S. Averell and Rev. Will A. Knighten, the pastor, will be after-dinner speakers. When the social rooms were left for the future, and resulted in a most delightful situation. The project was taken up by Mrs. J. H. Marshall of Emmanuel Presbyterian Church, Mrs. E. A. Clamptin of the First Congregational Church, and Mrs. M. Knighten, wife of the pastor. They determined to get the funds outside the Union-avenue congregation, which had all its efforts devoted to finishing the church, and complete the building for the benefit of the whole neighborhood, regardless of denomination. The end was accomplished by the three ladies, and no debt is left to be provided for. Mrs. Marshall will make a full report from the self-appointed committee.

REFUSED CREDENTIALS.

Mayor Declined to Appoint Delegates to Irrigation Congress Who Reject Pinchotism.

"Because I would not subscribe to Pinchotism, Mayor Alexander refused to appoint delegates to the National Irrigation Congress," said F. C. Finkle last night.

"Several days ago I wrote to the Mayor, asking that he provide George H. Hutton and myself with credentials. Hearing nothing in regard to the matter, I called upon the Mayor's office this morning and was informed by Secretary Henderson that the Mayor would not appoint either Hutton or myself, until satisfied that we would support Pinchot's conservation policy.

"I do not believe that the East should take the development of our resources now that it has exhausted its own, and I declined to subscribe to Pinchot's dogmas.

"Both Judge Hutton and I will attend the Irrigation Congress as delegates from the Chamber of Commerce."

Finkle is one of the men who organized the National Irrigation Congress at Salt Lake City in 1907.

SUIT IN EQUITY.

Patentees of Concrete Distributor Claim Infringement by Santa Fe Railroad.

Late yesterday afternoon a bill in equity was filed by the Concrete Appliances Company of St. Louis against Charles A. Fellows and the Atchison-Topeka and Santa Fe Railway Company, to enjoin the use of the gravity system of distribution of concrete by the new Burton buildings of the Santa Fe. Infringement of three separate patents, granted on February 3, 1910, for the inventions of Arthur Smith, Theodore E. Kinnison and Lee Callahan, is charged in the complaint. A temporary injunction is asked, as well as accounting of profits and damages.

The apparatus is similar to that used by the F. O. Engstrom Company in erecting the new home of the Union League at Second and Hill streets. Its principal advantage is the doing away with a large number of men with wheelbarrows. Townsend, Lyon & Barker appear as attorneys for the St. Louis company.

IRRIGATION IS SOLE AIM.

Chucawalla Company Denies That Edison Company Has Any Interest in Colorado River Project.

The officers and directors of the Chucawalla Development Company, awaiting final action on the bill that has been passed by both houses of Congress providing for the irrigation of 200,000 acres of rich land in eastern Riverside county, are greatly agitated over the announcement that the Edison Light & Power Company has secured control of their project. Yesterday they issued a denial of the rumor and they maintain that the Chucawalla company is not a subsidiary of the Edison company, but a corporation composed largely of men who own tracts of land which they propose to irrigate for the growing of oranges, cotton and alfalfa.

R. M. Teague of San Dimas is president of the Chucawalla Development Company and J. Vincent Hanson, secretary. They are making all preparations for the construction of a dam ditch to convey the water to the Palo Verde and the growing of oranges, cotton and alfalfa.

"On the 14th inst., an article appeared in Los Angeles evening paper under the heading 'California Land to be Reclaimed,' wherein it was stated that 'through the consummation of a deal recently made, the Chucawalla Power Company, a subsidiary organization of the Edison Light & Power Company of Los Angeles, has obtained the reclamation of a great district in the country tributary to Parker, Arizona.' The above quotation contains mis-

statements which might, if allowed to stand uncorrected, injuriously affect the consummation of the great irrigation project undertaken by this company, and to which end a bill is now pending in Congress granting to the company the privilege of constructing an irrigation dam across the Colorado River.

"There is no company or organization known to us as the 'Chucawalla Power Company' or 'Chucawalla Development Company' was organized about two years ago for the purpose of consummating a project to reclaim a vast tract of land in the Chucawalla valley, and to that end, the bill referred to is now pending before Congress. The Chucawalla Development Company has never had any dealings, directly or indirectly, with the Edison Light & Power Company of Los Angeles.

"No officer, member of the Board of Directors or stockholder of the Chucawalla Development Company has any connection whatever with the Edison Light & Power Company."

GET-TOGETHER PARTY.

Large Number of Tickets Being Sold for Chamber of Commerce Day at Venice.

Secretary Wiggins of the Chamber of Commerce is selling tickets for the "Get-Together" excursion, scheduled for Venice on Saturday, in a way that has surprised the railroad officials. It is estimated that hundreds will take advantage of the low rate, and the opportunity of participating in the varied attractions.

The tickets, which are sold for \$1 each, have coupons attached which admit the bearer to the various amusement features on the beach, and an excellent lunch will be furnished free to all wearing the Chamber of Commerce badge. An orchestra and a band will furnish music during the afternoon, and there will be dancing in the pavilion. The bathhouse and plunge will be open to the excursionists, as well as the miniature railway, scenic railway, roulette wheel, aquarium and other "side shows."

Besides Secretary Wiggins, the following members of the Excursion Committee have tickets for sale: Carl E. McStay, H. G. Krohn, Drew Pruitt, C. M. Roth, D. E. Luther, J. A. Burton, W. H. Neiderwieser and G. Johnson. Tickets can also be obtained at the Los Angeles Pacific station on the day of the excursion. All are invited, whether members of the chamber or not. The first special car will leave about noon and there will be plenty of cars to accommodate the crowd. Those who prefer to go by rail and back on one of the regular trains, as the tickets are good for the round trip on any car to the beach.

ORGANIZING FOR WINTER.

Week of Special Activity at the Young Women's Christian Association Is Planned.

Tomorrow and next Sunday will be special days at the Young Women's Christian Association, the former being the date of the educational rally, and the latter of the Bible study rally. "Young Women of Today" will be the subject of the address to be delivered by Prof. J. F. Francis, superintendent of the city schools, at 8 o'clock Thursday evening. Music will also have its place in the programme for the platform meeting, and the latter part of the evening will be of an informal social nature, when instructors may be met, the work talked over and the building visited by those who have never before gone through it. Former students, dressed to represent different departments of the educational work, will be in evidence to act as escorts, giving assistance in various ways to the instructors.

For the Bible study rally on Sunday, Dr. Robert J. Burdette has been chosen as speaker, and will make for his subject, "The Best Book in the Bible." Fine musical numbers, vocal and violin, will add to the interest and enjoyment of the meeting, which will be held at the regular vesper hour, 4 o'clock. New folders announcing the various parts of the Bible study will be distributed and opportunity given for registration.

ABOUT YOUR OWN FIRST NAME.

Origin and the Famous Folk Who Have Borne It.

GILBERT GISELLA

Gilbert, the mythical ancestor of the Gilberts and Giselas of history. The early churchmen who would suppress the legends which gave their names to the great physicians of the past, one the earliest of the Englishmen, the other the world's greatest physician. Giselas of no time. The names mean pledge.

When legend took the place of history and half imaginary life there lived the Teutonic name of the Gilberts, Giselas, and Giselas of England and France, of the Gilberts and Giselas of Holland, the Gilberts, Giselas and Giselas of Germany.

There were many of the real men of the name, the Gilberts, Giselas and Giselas of the past, the Gilberts, Giselas and Giselas of the present.

There were many of the real men of the name, the Gilberts, Giselas and Giselas of the past, the Gilberts, Giselas and Giselas of the present.

Life. Until his time scurvy was a menace to every man-of-war and important engagements were sometimes lost because of it. But in the first year after Blane interested himself in the subject the rate of deaths from scurvy in the West Indian post where he was stationed fell from one man in seven to one man in twenty. Now scurvy is banished from the navy, and this is largely so because of the regulations and treatment Blane initiated.

Blane's services were recognized. In 1789 he was made physician extraordinary to the Prince of Wales, and in 1812 he was made a baronet. Besides that, he was consulted all over the world, and had as his patients among other famous men, the Emperor of Russia, the King of Prussia, and the President of the United States.

Gilbert, a Becket, of the same family as Thomas, a Becket, born in 1811, who founded the Figure in London, the forerunner of Punch, and who wrote some sixty plays; Gilbert White, born in 1726, a clergyman who gained fame as a naturalist; Gilbert de Lafayette, born in 1780, a marshal of France, who helped Joan of Arc to victory at Orleans; Gilbert Stuart, born in 1725, famous American portrait painter, who executed many portraits of Washington and other prominent men of the early life of the republic, and Sir Gilbert Parker, popular Canadian story writer and English statesman, are other famous men of the name.

Giselas, the feminine form of the name, has been chiefly famed among women of royalty. In 945, Giselas, daughter of Emperor Henry II, one of the early women of the name, was born. She married Stephen, King of Hungary, and with her by his side he took his place on an equality with the other monarchs of the western world.

But Giselas was more ambitious than she was dutiful. When her husband wished to appoint a successor, their son had died—she decided to further a favorite of her own. So, when Stephen sent for his cousin's son, Vassal, who was in prison, to come to court as heir to the throne, Giselas sent a messenger to Vassal who blinde him. When the poor boy was brought before Stephen, blind, the King was disappointed, for he could not appoint a man who could not see to the throne.

Giselas's plan did not succeed, however. Peter, a grand-nephew of Stephen, wrested the throne from the queen's friends.

The wife of Conrad, who died in 1024, was a Giselas, of Giselas, of more worthy character. She and her husband, who was King of Germany, were crowned at Rome, Emperor and Empress of the Roman empire, and their reign was prosperous and happy. Giselas was beautiful and good, and took a strong and intelligent interest in the church and in politics, science and learning.

The feminine forms of the name are Giselas in German and Gisele or Giselis in French. Giselis is sometimes used nowadays as a contraction of Elizabeth. Gilbert means bright pledge, and the feminine forms of the name mean simply pledge.

Miss Marshall will be pleased to answer by mail all inquiries addressed to her concerning the origin and history of first names. In addressing Miss Marshall in care of this paper, please enclose a stamped and self-addressed envelope for the reply.

SIX VETERANS DIE AT HOME.
Country's Heroes at an Unusual Death Decimating the Ranks of the Rate.

What you need is better help in the home

Inability to get good servants or any servants has driven Carthage, Missouri, successfully to community housekeeping.

Emily Newell Blair tells how co-operative cooking is done for fifty families at less cost than each could do it in her own home—in the October WOMAN'S HOME COMPANION.

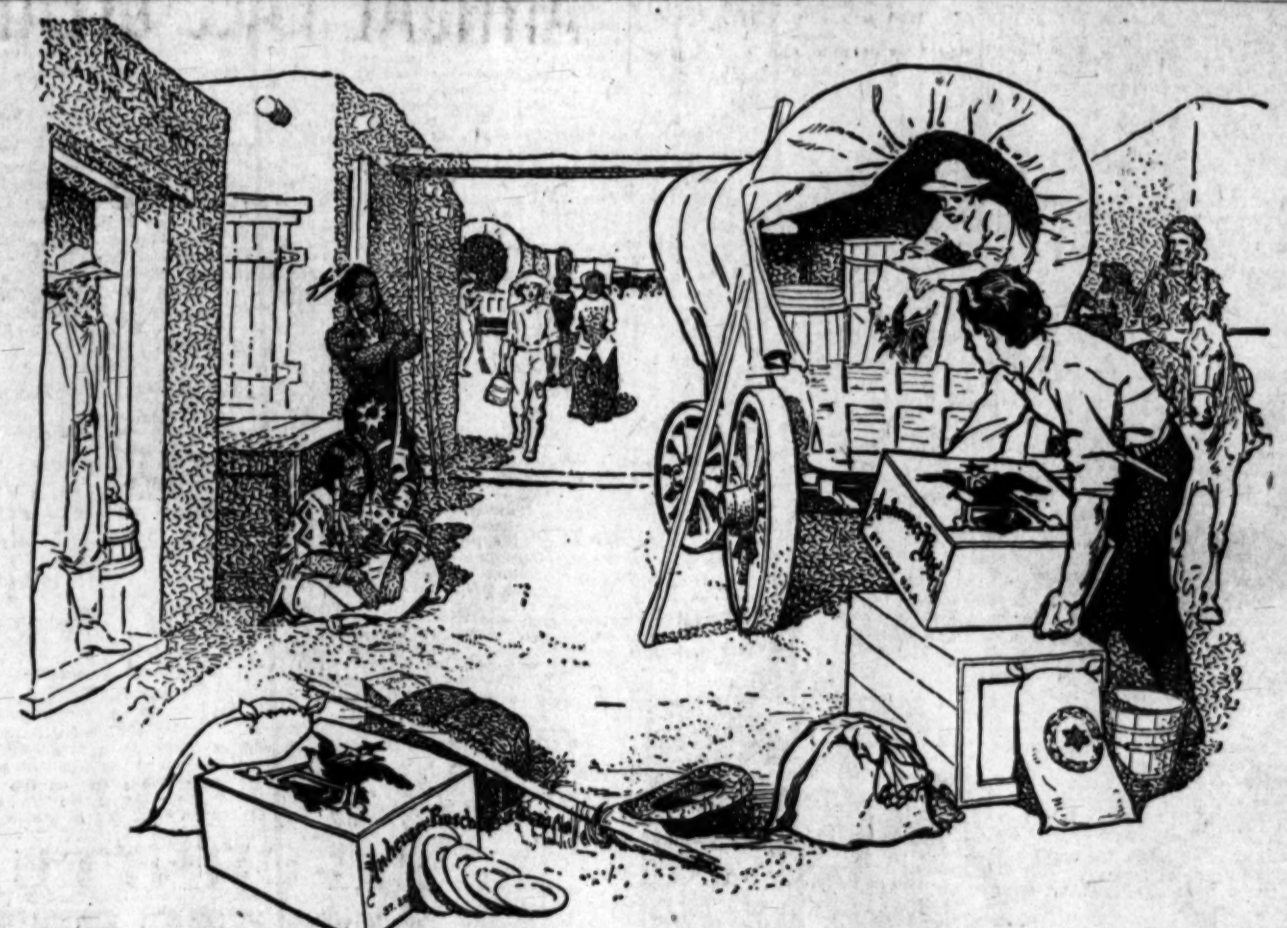

One of the biggest series of articles the WOMAN'S HOME COMPANION has ever published is being prepared, and it will deal simply, practically and thoroughly with the whole subject of Buying and Using Necessities.

whatever you buy; how to use that money's worth for its full value; how not to get cheated by the merchants; how not to cheat yourself and your family by waste or unwise purchasing; this will be the general purpose of the series.

Hair Health

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to naturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of one hundred test cases Rexall "93" Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads, when, of course, the baldness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall "93" Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, prices 50c and \$1. Remember you can obtain it only at The Rexall Stores, The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal.; Seattle, Wash., and Portland, Oregon.

Many smokers prefer them to 10 cigars. Tell the dealer you want Lewis Single Binder. Factory, Peoria, Illinois.

TOD MUCH TALK.

ELSINORE MAN
TAKES TO WOODS.

PETTICOATED ORATORY MAKES
HIM TIRED.

Result Was He Left Meeting and

ELSONORE, Sept. 20.—Nobody is thinking this morning about the reports of committees or the bills paid at the Board of Trustees' meeting last evening; interest centers on the totally unexpected and painful death of (saloon) ordinance No. 97. It had been long in the burning but it died suddenly last night at the hands of its

ponsor, Trustee Hoag, and all because of the W.C.T.U.

It happened this wise:

After much argument an amendment to the ordinance was passed regulating the serving of wine and beer at hotel tables; Hoag then moved that the ordinance be referred to the committee on health and safety, which he adopted; Amstrong—who was recently put in as a trustee on a pledge that he wouldn't vote for a saloon without a vote of the people—seconded the motion. Then Chairman Hoag asked for remarks. It was the remarks, especially the petticoated remarks, that

Both the State president, Hester Griffith, and county president, Mrs. Keyes of the W.C.T.U. were present, and made strong forceful remarks, as did Mrs. J. T. Kuhns and others.

Trustee Hoag said that he was there for the purpose of legislating for Elmhurst and he didn't believe in the whole country being taken into the discussion; that he was in favor of prohibition arguments; he knew all about prohibition and prohibitionists and that they didn't know what he took occasion to cite Chairman Stewart as illustrating the case in point.

VENTURA SUPERVISORS MUST
HAVE BUILDING.

Direct Tax Proposition Seems to
Meet General Approval and Will
Get the Money in a Very Brief
Period of Time—Smith Robbed His
Own Store.

San Bernardino County Supervisors met last night for the purpose of discussing the proposition to raise a fund for the construction of a new building for the county jail. The proposition was introduced by Supervisor Smith, who is a member of the board of directors of the San Bernardino County Jail.

The proposition was approved by a vote of 10 to 2. The two dissenting votes were cast by Supervisors Smith and Brown. Smith's vote was cast in opposition to the proposition because he believed that the county should not be responsible for the construction of a new building for the county jail.

Brown's vote was cast in opposition to the proposition because he believed that the county should not be responsible for the construction of a new building for the county jail. The proposition was approved by a vote of 10 to 2.

VENTURA, Sept. 28.—Despite the refusal of the county to vote bonds to build a new Courthouse in this city at a recent election, the Superiors yesterday took the first step toward erecting a building by a direct tax.

Accordingly, a tax levy of \$1.50 was made. This will give something like \$100,000 toward the building of the new Courthouse this year, and it is the intention of the board to levy every year to meet the expense.

several years and until a good part of the member building is completed. The board is composed of Messrs. Clark, Camarillo and Mesa. Messrs. Carr and Mesa are expected to increase the membership. Carr and Mesa are expected to be elected, although the latter state they are not favorable to the building of the Court-house. Carr is expected to keep faith with the people of his district registered at the improvement, he would oppose the building of the Court-house. The majority of the board took the ground that the people of this city are not in favor of the Court-house, but had been asked to

for Ralph Campbell, a student in the mathematics department of the school at Canton, Mo. When a wire was sent to Welles, it was supposed to have been delivered, but actually full blast.

MAN DROWNED.—Information was received in this city yesterday that the drowning of Wallace Hines formerly of this city. The drowning man was drowned at night when out in a boat with another person. The body will be brought here tomorrow and placed in the morgue. The late Judge J. D. Hines of this court had and had a host of friends here.

NEWS BRIEFS.—The remaining assets of the defunct

will be held at the public auction on October 10, 1934, at 10 o'clock a. m. The estate cleaned up and the duties of the receiver brought to an end. The property still owned by the bank of the estate was sold. It was stated he had tried in vain to dispose of them and realize something for the estate. The receiver was appointed to bring the thing. Clarke determined to bring the thing. He appointed a date for the closing up of the business. It is not expected that the receiver will be paid anything, though some of the depositors are inclined to the notion of forming a fund to pay the receiver. He is holding the same property over to the same bank.

George Lynch, a ranch hand, was yesterday adjudged insane and sent to the asylum. The man imagined his heart and brain were gone.

LOVABLE. TINY TOT WINS MANY HEARTS.

BERTE YOUNGSTER FINDS HOME WITH POLICEMAN.

Lucas Make Pet of Baby Boy
Battered by Mother and Found-
ing Will not Have to Go to Asy-
lums. Identity of Child's Parents a
Mystery.

Little Vache, 2 years old, believed to
be a boy, was found in the
department of the City Jail,
little fellow has so captivated the
hearts of the attendants that he has
to express a wish and they hurry
gratify it.

Little H. E. Wallace, who
ought the little fellow to the sta-
tion, found him such a lovable child
he declares he will today take
him to his home in his car.
In case permission is granted
he will go to the officer's home to
live as long as he wishes, or until
mother reappears and forces the
woman to return him to her.

The boy first came to the atten-
dants of the police when Ada Robin-
son, a colored woman living at No. 532
Julian street, told Officer Wallace
the child's mother had a month
ago brought the boy to her with
request that she take care of him
a week. Mrs. Robinson said she
and the next day the mother, who
she named the colored woman did not
come, sent the boy's clothes to her
by a messenger. That, Mrs.
Robinson declared, was the last she
saw of the woman. Finding the
it a burden she notified the patrol-

man. Wallace went to the house
the boy was being cared for and
found that it would be best to
him over to the juvenile authori-
ties. He was consequently taken to
the department of the City Jail
to be sent to the Detention
house.

In charge of the matron, the
fellow soon discovered that the
doors are locked after each per-
son enters or departs. So, he
asked permission from the matron,
mounted a chair and during the
part of last evening he served
himself.

Once he has asked for his
part, but within a few minutes after
he had learned the names of the
prisoners, he was taken to the
police know nothing of the cir-
cumstances which caused the mother
to leave him in the custody of the
colored woman, and have no idea
she has gone or whether she
intends to return and claim the
child.

TOO BAD. EADY REPLY GIVES LIBERTY.

IAN'S SCREAMS BRING HELP, ASSAULT CAPTURED.

A Attempt to Drag Victim Into
Street, Hit by Brutal Savagery
Law's Vengeance—Police
Description.

On her way from her home in
the El Dorado Apartments, No. 425
West 1st street, to the El Dorado
street and Grand avenue, to a
music lesson early last evening,
George A. Becker, 25 years old,
attacked by a man who, after
dragging her into a vacant lot on
street between First and Second
streets, screamed attracted several men
nearby houses and a store at
the corner of First and Second
streets. Her assailant, who was
dressed in a suit and a soft
hat, was seen to be carrying a
gun. He told his captors
the woman was a friend of his,
they were just having a little
fun.

Becker was hysterical from
fear and unable to tell the men
until the brute had disap-
peared, and it was too late to pursue
with hope of capture.

On obtaining his liberty, the man
went to the Bostelman Pharmacy,
35 West First street, purchased
a package of cigarettes and a soft
hat, and tried to flee with Miss Am-
alia, and left. The marks of
on his face given him by his
captors when they first reached
the scene after the outcry, showed
that he had been hit.

In a quiet and peaceful neighbor-
hood, a whirlwind of men with
red faces and back to back to
again, the man passed within
minutes. Mrs. Becker recovering
composure, went to the El Dorado
apartment, as she intended, but
was met by Frank Asmann, 18 years
old, Becker's half brother.

Told in part by Mrs. Becker,
Asmann and other men who had
been to the scene when she screamed,
Becker had gone but a short
time from her home when the
who is described as being be-
tween 21 and 25 years of age, well
built, about 5 feet 6 inches in
height, dark complexioned, and of
all appearing appearance. Grabbed
and, drawing her toward the lot
between First and Second streets,
said, "Come with me."

Though terribly frightened, Mrs.
Becker screamed, and Asmann, who
about a half block away, ran
toward her, followed by others who
were in the neighborhood and seeing
the commotion and seeing
Asmann run, followed. Asmann
led the woman first, and he struck
several blows in the face. The
other men then arrived and
the fellow. Asmann quieted
Becker and then took her to her
apartment.

Returned to the scene of the
in about fifteen minutes, ex-
actly to find the man secured and
ready to be taken to the Central
Station. When he found he
was released he notified the po-
lice and gave them a de-
scription, and that was the first
he knew of the affair.

BALDWIN ESTATE FIGHT.

(Continued From First Page.)

tered into a common law marriage
with Baldwin, under the impression
that he was divorced. As a matter of
fact at the time he had a lawful wife
living and the marriage became void.
A short time afterward the child was
born.

Under the law of this State, say
the attorneys, the offspring of a mar-
riage which is declared void is con-
sidered legitimate and is given equal
privileges with other legitimate chil-
dren. It is on this ground that the
contest will be begun.

When Mrs. Turnbull found that her
marriage with Baldwin was void, she
supposed that any child of the union
could have no claim upon the father.
Thus, when the mother married Turn-
bull, the second husband adopted the
little one and gave her his name.

It was not until after the death of
Baldwin that Mrs. Turnbull discov-
ered that her daughter might have
some claim to the property, say the
attorneys. It was while in conversa-
tion with her lawyer that she got her
first inkling, and from then on she
devoted her attention to proving that
her daughter was the legitimate
daughter of the millionaire horseman.

The attorneys representing Mrs. Bal-
dwin are Wallace, Grant, Hutton & Wil-
liams and Eldred B. Dockweiler of
this city.

Up until the present, none of the
heirs has received any money out of
the estate, with the exception of the
monthly allowance made for their sup-
port by the court. For this reason an
effort has been made to hasten the
final distribution, but it now seems
that the property may be tied up in
the courts for years to come.

LAUREL WREATHS. CROWING OVER A GREAT YEAR.

BANQUET CELEBRATES RESULTS AT REDONDO BEACH.

Function at Seaside Town At-
tended by Los Angeles Orators, Was
a Pronounced Success. R. J. Bur-
dette, a Brilliant Toastmaster, and
Many Good Speeches.

REDONDO BEACH, Sept. 20.—More
than 200 guests, many of whom were
ladies, were present at Hotel Redon-
do this evening at the third annual
banquet of the Redondo Beach Cham-
ber of Commerce. It was the most
elaborate affair in the history of the
organization, and celebrated the com-
pletion of the most successful season
the city has ever known.

The spacious dining-room of the ho-
tel, with its exquisite new mural de-
corations and trifling of white and
gold, formed a charming setting for
the brilliant toasts, splendid menu,
good music and artistic floral decora-
tions.

A mound of smilax with carnations
scattered over it, in the center of
which was a fruit piece, brightened
each table. A handsome centerpiece
of smilax and white carnations
graced the toastmaster's table. Here
were seated Robert J. Burdette, the
toastmaster, and the speakers: C. H.
Burnett, George H. Stewart, Douglas
White, Motley H. Flint and Frank G.
Tyrell.

During the banquet a resolution was
unanimously passed pledging the co-
operation of the Redondo Beach Cham-
ber of Commerce with the Los Angeles
organization in any movement looking
to increasing the popularity, pros-
perity and welfare of Southern Califor-
nia, and authorizing the president to
appoint delegates to the proposed con-
ference of civic bodies for this pur-
pose.

THE PRESIDENT'S ADDRESS.

In his annual address, President C.
H. Burnett spoke of the agreement
whereby the Gould system will make
this harbor its winter terminal.
Among important subjects he handled
were the opening of automobile high-
ways over the Huntington lands and
the phenomenal growth of the Cham-
ber of Commerce. He said in part:
"It is a matter of common knowl-
edge that this summer has seen large
crowds of visitors, a greater num-
ber of residents, more houses con-
structed, a greater scarcity of houses
for rent, a larger sale of all kinds of
merchandise, a better demand for la-
bor, a larger patronage of amusement
enterprises, a greater number of ships
from all parts of the world, a heav-
ier traffic over the highways, and a
more general feeling of prosperity and
confidence than ever before."

"What the Huntington companies
have done for this community we all
know, and I trust we all appreciate,
and it gives me great pleasure to state
that the latest mark of Mr. Hunting-
ton's interest in our city is the fact
that he has withdrawn all objections
to the improvement of both Hermosa
avenue and North Pacific avenue, ac-
cording to the plan as the necessary pro-
ceedings can be taken, these important
thoroughfares will be paved in a per-
manent manner and a large part of
the expense borne by the Huntington
companies."

"The Pacific Light and Power Com-
pany, whose Redondo Beach plant is
the largest west of Chicago, and the
most efficient in the world, is engaged
in building an addition to that plant,
which will give it more than triple its
capacity, while the Southern California
Edison Company is also spending large
sums in this vicinity for new lines, new
substations and new equipment, with
a view of giving better service to the
people of Redondo Beach."

"The Santa Fe Railway Company is
largely increasing its shipments of
company material through this port,
and has also just concluded two traffic
agreements of the utmost importance.
One is an agreement with the Western
Pacific for the establishment of joint
rates, which virtually makes Redondo
Beach the tide-water terminal of the
Gould lines in Southern California."

"The other is a similar agreement
with the Southern Pacific, covering
the establishment of joint rates from
Redondo Beach to the Imperial Valley
and all points on Southern Pacific lines
west of El Paso."

"These through rates will enable the
lumber companies and others doing
business through Redondo Beach, to
reach territory which they have not
reached before, and the ultimate effect
of these developments upon the com-
merce of this port, especially the de-
velopment of the Panama Canal, is
difficult to estimate."

Other speakers were George H.
Stewart, who responded to the toast,
"The Ladies"; Douglas White, whose
toast was "Publicity"; Motley H. Flint,
who spoke on "Optimism"; and Frank
Tyrell, whose subject was "Sleepy-
heads."

Dr. Robert J. Burdette, toastmaster,
was in his usual brilliant and witty
form and added vastly to the in-
tellectual part of the programme.
Dancing in the ballroom followed the
banquet.

This Is "The Safest Place to Trade"

—because "reliability first and
price-tag afterward" is a founda-
tion principle. Absolute reliability
our first aim—then the lowest
prices we can make.

"Black Agate"
Stockings—sold
here exclusively
—are the sort
that satisfy wo-
men who are sat-
isfied with nothing less
than the very best.

Navy Blue Serge--the Most De- manded Tailored Suits--Are Here in Profusion

Each Particular Season Has Its
favorite color--its *fad*--but always, navy blue
serge is popular. This season we have had
more requests for it than ever. Blue serge is
suitable for all occasions--in fact nothing can
take its place.

At Fifteen Dollars
we show a model that you'll be sure to like.
It is quite stunning--of serge, worsted or
the popular diagonals. Coats in the 32-inch
or 34-inch length; perfectly tailored.....

At Twenty Dollars
34-inch coats here in smart English and
French serges and worsteds. Skirts are
particularly attractive. Good values at...

At Twenty-Five Dollars
Fitted and semi-fitted models, with coats 32,
34 or 36 inches long; beautiful materials--
plain or rough effects as desired.....

THE L. A. UNITED FASHION SHOW

will be an innovation that will draw immense crowds
from far and near. See that your affairs are so ar-
ranged that you may enjoy it to the limit. Remem-
ber, it is to be on September 26, 27 and 28.

Besides Blue Serge, Many Other
fashionable weaves are shown in the same
lightful shade. For figures, long or short, all
equally becoming. Plain tailoring is the
note--coats are lined with the best satin,
the skirts hang beautifully.

At Thirty Dollars
strictly tailored suits in fitted or semi-fitted
styles that will make you want them all.
The fineness of the materials will impress
you--the models will win you.....

At Thirty-Five Dollars
In these the rough, artistic basket weaves,
French serges, novelty chevrons and rough
worsteds are shown at their best. See
them.....

At Forty-Five Dollars
Rich chiffon broadcloths and the imported
French and English serges and novelties
are shown in handsome silk-lined models.
Beauties.....
